

Delivered by **Beacon Hill Arts & Arpeggio Films**, in association with **TIN Arts**

The BFI Film Academy Network is the new official film industry talent development initiative for 16-19 year olds in England.

For over 10 years Beacon Hill Arts & Arpeggio Films have supported young people with learning disabilities and additional needs to make and exhibit their own films. Our work has won multiple awards and received prestigious screenings across Europe, Asia and the USA.

We are proud to announce that we have become one of only twenty-four BFI Film Academy Partners in the country.

We are offering an exciting eight-day programme of film-making workshops, taking place during weekends and over February half term in partnership with TIN Arts in Durham.

- Are you a 16-19 years old?
- Do you have a passion for film and a learning disability or additional needs?
- Would you like to learn about how films are made?
- Would you like to come up with story ideas and make your own film?
- Or, do you know a young person who you would like to nominate to take part?

We are able to offer this opportunity FREE of charge, but places are limited so please apply early!
